

## Meet Me There Lyrics

### 1<sup>st</sup> Verse

One last time mom and dad looked into her eyes  
Doctors done all he can do  
Now their little girl will die  
She moves her lips to speak  
Her parents listened one last time  
Mom and Dad I love you  
But I need your promise before we say goodbye

### Chorus

Meet me there  
Meet me there  
Just beyond this veil of tears  
In that city God 's prepared

Meet me there  
Meet me there  
The blood of Christ will bring you through  
I'll search everywhere for you  
When we gather in the air  
Meet me there

### 2<sup>nd</sup> Verse

Second hand marches on soon it's time to go  
He leaves to fight his nation's war  
He might die he doesn't know  
His son is standing there  
The little boy is only nine  
Son if I don't make it  
I will be waiting for you across the other side
